

Weekly Bulletin for the City High School Community ~ February 13, 2009

From the Director's Desk

Belated congratulations to all of our students who made honor roll first semester. Over 40 students worked hard enough to earn straight As or a combination of As and Bs in all of their classes. Academics are central to our mission at City High, and it's important to honor those students who are making strong consistent efforts day in and day out in their courses. Check out their names on page 2.

~ Carrie Brennan, Executive Director

In the Field

A number of City High students have had the opportunity to check out the **Gem & Mineral Show** recently. The **jewelry class** traveled to the Tucson Electric Park venue on Tuesday, and the **chemistry classes** walked to some of the show's downtown locations this afternoon. On Tuesday morning (2/17), all **juniors** will be attending a **concert** at PCC's downtown campus. Next Friday (2/20), the **physics class** is heading to a Phoenix-area amusement park for the park's annual Physics Day.

REMINDER for ALL SOPHOMORE PARENTS: There is a parent meeting at City High on Monday 2/16 at 6:00 p.m. about the overnight field trip coming up next month. All families were sent a mailing earlier this week with detailed information about the trip.

Senior News

Seniors have been busy over the past few months applying to colleges and scholarships. Acceptances are in already from the U of A, NAU, ASU, Arapahoe Community College (Colorado), Cal State-Los Angeles, and Pima Community College. Students are working on this at school through their Senior Seminar class. PARENTS – please check in with your son or daughter to make sure they are meeting deadlines for programs and financial aid. If you have questions or need help, please contact Senior Seminar Teacher Charles Schnarr, 623-7223 x506.

Student Spotlight

One of the students in our senior class, **Andres Cano**, is a semifinalist for the Flinn Scholarship at the University of Arizona. This is an incredibly prestigious award that is designed as a major incentive to get the state's top students to stay in Arizona as they pursue their undergraduate degree. Congrats to Andres for being the first City High student to get this far in the competition, and we all wish him luck with the final round of interviews!
